

PrintScreens from Application

Authentification

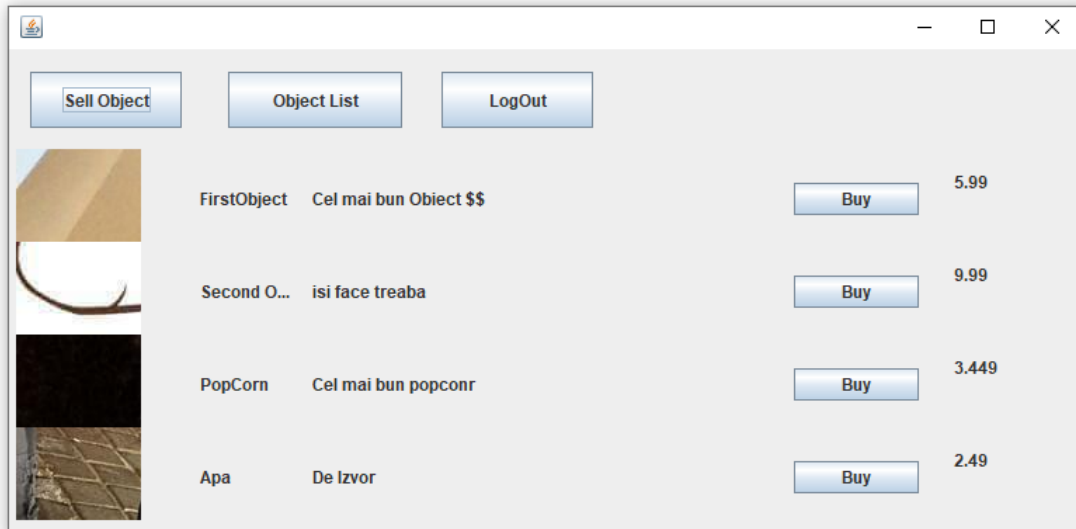

A screenshot of a Windows-style application window titled "Authentification". The window has a standard title bar with a minimize button, a maximize button, and a close button. The main content area is light gray and contains two text input fields. The first field is labeled "User" and the second is labeled "Password". Below the "Password" field are two buttons: "Login" and "New User". Both buttons have a blue gradient and white text.

Register Page

A screenshot of a Windows-style application window titled "Register Page". The window has a standard title bar with a minimize button, a maximize button, and a close button. The main content area is light gray and contains three text input fields. The first field is labeled "Add Name", the second is labeled "New I...", and the third is labeled "New I...". Below the third field is a button labeled "New User" with a blue gradient and white text.

Home Page after Login

Sell Object Page

The screenshot shows a web application window titled "Sell Object Page". It contains a form with three input fields: "Nume", "Descri...", and "Pret". Below these fields is an "Add" button. To the right of the form, there is a large white rectangular area with an "Attach Image" button below it.
